

Please do not make any changes our wonderful wisconsin No Call Law! We have been signed up from the very beginning and we love it. I am grateful Wisconsin has a strict law and I would like to see it kept that way.

If any changes were to be made to the No Call law, the only changes I would like, would be the option to be signed up permanently rather than having to renew from time to time, and make the Federal Law more strict like the Wisconsin law. Do not cave in to the telemarketers and other special interests. KEEP A STRICT NO CALL LAW!

Thank you.
